WORLD NEWS IN REVIEW

ICKES COY

Harold L. Ickes, much publicized secretary of interior and master of PWA, last week toyed with the suggestion that he run for Mayor of Chicago. He didn't say no but he did say, "That is my conception of a good idea!"

Some professors at the University of Chicago, the city's schoolteachers, various racial groups, the Lawyers' Guild, social workers like Miss Charlotte Carr, head of Hull House, were foremost in the draft-Ickes drive. They want to smash the celebrated Nash-Kelly machine.

AT LIMA

Latest reports from Lima clearly indicate that it can be stated that 21 American republics are already in accord on a common front against armed aggression or subversive ideological activities in the Western Hemisphere. It was plain that Hitlerism is not wanted anywhere on this side of the Atlantic and experts on international relations suggested that given enough rope Germany would hang itself yet.

KIDS' FIGHT

Labors two greatest leaders, still acting like a couple of spoiled kids, were reported at it again.

C. I. O.'s John L. Lewis last week bought a box for the opening in Washington of the union musicomedy Pins and Needles. A. F. of L.'s William Green therefore declined to grace the opening, planned to go on a later night. John L. Lewis then found that he could not attend and canceled his booking. When the first night curtain went up, William Green was in a box seat.

Grammar and high school students of Daly City public schools will have their annual Christmas holiday, December 16 to January 3. Classes will be resumed on Tuesday, January 3. Many Christmas parties and programs are being held at the various schools today (Friday) celebrating the Christmas season.

Rush Plans For S F P I Advertising

Planning and production of advertising material for the 1939 community campaign of San Francisco Peninsula, Inc., is proceeding at top speed in anticipation of the opening of the fair, according to Harry Butler, general manager San Mateo Times, S. F. P. I. director, and president of San Mateo County Press association.

He reports the association's advertising agency has engaged Melbourne Brindle, nationally known California commercial artist, to prepare the major art work for newspaper advertisements. Brindle's outstanding drawings are familiar to readers of Fortune and other national magazines carrying the campaigns of leading travel and community advertisers of the Pacific coast and Hawaii.

The advertising committee approved last week the color design for the first of a series of street car cards, the January insertion, which (to be displayed in 375 cars on selected lines serving better residence districts in San Francisco) will be of double size and printed in nine colors.

A newspaper schedule has been approved which will permit one large advertisement in San Francisco practically every week during the coming year, starting January 14, just prior to the inauguration of new commuter-train service over the San Francisco Bay bridge.

Directors and members of the advertising and finance committees of S. F. P. I. will hold their regular monthly meeting at 8:00 p. m. Tuesday, December 20, at 269 Park road, Burlingame, at which time new advertising material will be reviewed.

Savage, a printer, had been employed for the past eighteen years at the Universal Printing Company on Mission street.

Surviving relatives are three brothers: Arthur, Jack, and Gene Savage, and two sisters: Mrs. Beneta McGilvery and Mrs. Mary Seyden. Savage was a native of San Francisco and a member of the San Mateo Typographical Union No. 624.

Funeral services were conducted from Duggan's mortuary in San Francisco at 8:15 o'clock Saturday morning. A requiem mass was celebrated at 9 o'clock at Our Lady of Perpetual Help church. Interment was in Holy Cross cemetery.

Peninsula Police Officers Election

Police Chief Louis Grey of Mountain View was elected president of the Peninsula Police Officers association at a dinner meeting held at the Villa Mateo Thursday evening of last week. He will succeed Officer Leroy Hubbard of Atherton.

Officer W. H. "Bud" Thorpe of Redwood City was elected first vice president, and Captain Martin of San Mateo was named second vice president. Captain John Hartnett and Sergeant Jack Theuer, both of Burlingame, were elected to the offices of secretary and treasurer, respectively.

The new officers will be installed at the January meeting to be held in Mountain View.

ANTI-NAZI COUNCIL RAISES $1,000

One thousand dollars was sent this week by the United Anti-Nazi council of San Francisco to the Joint Distribution committee of New York, nationally known agency for the relief of oppressed Jews in Europe. Appropriation of the sum was voted by the executive board of the United Anti-Nazi council at a recent meeting. The sum was "ear-marked" exclusively for the aid of refugees suffering from Nazi persecution.

The amount was raised at a mass meeting held last Wednesday night in Scottish Rite auditorium, with Lieutenant-Governor Elect Ellis Patterson as the principal speaker. Other prominent speakers of various faiths addressed the meeting which was presided over by Reverend Ben Wilson of the First Unitarian church of San Jose.

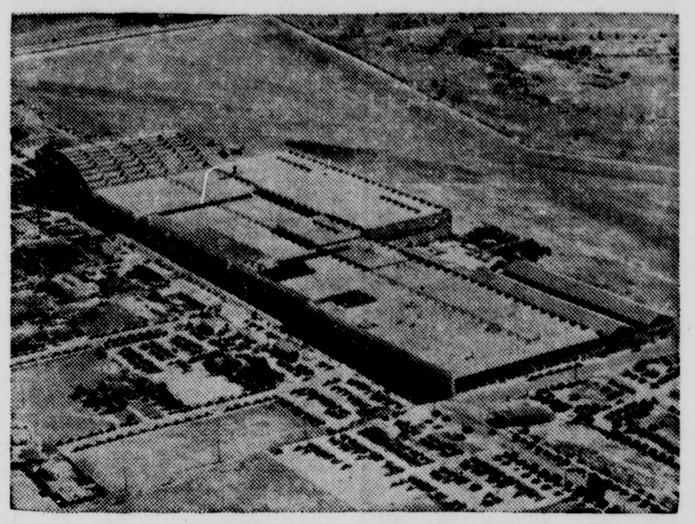
The $1,000 sent this week was the first allocation of a quota of $5,000 now being raised by the Anti-Nazi council for the relief of oppressed refugees.

New Playground Ready for Use

Rapidly nearing completion is the new children's playground at Acton and Brunswick streets, reports the Daly City recreation department. Four pieces of playground apparatus have been installed and additional pieces will be added in the very near future.

Due to the heavy attendance at this new play center, an instructor has been appointed, making possible supervised play each school day afternoon.

Los Angeles Aircraft Plant Ready For Mass Production of Airplanes



Ready for immediate mass production of military and commercial planes, officials of the Douglas Aircraft plant in Santa Monica, California, recently announced they are able to turn out between 100 and 150 military planes a month with present facilities. PLAN GIGANTIC FAIR PREMIERE FOR FEB 18-19

Many Cities Ready For Exposition Festival

"World's Fair Premiere — February 18 and 19" was selected this week as the official title for the momentous opening celebration of the Golden Gate International Exposition, according to Leland W. Cutler, president of the exposition company.

" 'Premiere' is associated with brilliant gatherings, colorful openings and 'first-nights'," said Mr. Cutler. "It conveys in part the spectacular and magnificent. However, a word that means a thousand premieres is needed, for that is what this Premiere will be: the opening of a thousand shows."

World's Fair Premiere was selected from hundreds of titles offered as being appropriately descriptive of what promises to be the most spectacular event ever staged in the West.

The premiere will climax a week of celebration throughout California. Cities throughout the State are readying plans for a tremendous coordinated festival which includes rallies, parades and beauty contests and with everyone in western dress.

"Response from officials has exceeded our expectations," said Mr. Cutler. "Evident is the feeling that if California is to be host to countless thousands of visitors to the World's Fair Premiere—and to many millions during the other 286 days of the exposition—that hospitality should be graciously extended in true western manner."

A slogan or tag-line, "Everybody's going," was also selected as one of the phrases to be used with the World's Fair Premiere title.

San Jose Set For Busy Term

Closing a week earlier than most schools and colleges in order that students could get holiday employment, San Jose State college's fall quarter ended December 9. The winter quarter will begin Tuesday, December 27, with registration, classes to start the next day.

Alumni of the college, back for the first Christmas homecoming ever held on Washington square, will be privileged to attend classes with regular students during the first week of the new quarter.

The "Faculty Follies", a variety show featuring dignified and not-so-dignified San Jose State professors, will be one of the highlights of the quarter. It is scheduled for production in March.

Extensive preparations will be made for San Jose State Day at the World's Fair, April 1, when the college symphony, the student daily paper, and student entertainers will perform.

Norway Day at the 1939 California World's Fair will mark the opening of a four-day music festival in which Norwegian singers and musicians from all over California will take part.

PWA SETS GOVT. BUILDING RECORD

What is said to have shattered all records for government building has been accomplished by the Federal Public Works Administrator Harold L. Ickes. A report released here this week by Kenneth A. Godwin, PWA regional director, shows that nearly 5,000 PWA projects have been started and more than a billion dollars' worth of construction was released in exactly 129 days following President Roosevelt's signing of the 1938 PWA act.

"In this comparatively brief space of time, PWA has moved with a swiftness which should convince anyone of its feasibility as an ever-ready building agency," asserted Director Godwin. "By next January 1, the deadline for starting PWA projects of the current program, there will be under construction approximately $1,677,000 worth of useful work. This far western region, consisting of California, Arizona, Utah and Nevada, is participating in this business-stimulating enterprise to the extent of something like 75 million dollars' worth of new public works."

"The amazing speed with which PWA went into and maintained action has had a highly beneficial effect on re-employment in this region," concluded Director Godwin. "More than 45,000 new jobs have been created by the several hundred PWA projects now under way in California, Arizona, Utah and Nevada, alone. The peak in this employment of men, formerly idle, will be reached within the next ten days."

108 In San Mateo Lose WPA Jobs

One hundred and eight San Mateo county men and women were dropped from the WPA rolls this week under the government's curtailment program, George A. Jenkins, county manager, reported.

The curtailment order was announced as members of the Workers' Alliance were completing plans for a mass demonstration this week at the WPA office in protest over the reduction.

Jenkins, who reiterates previous statements that there had been no former layoff in this county, said the first to be affected were WPA workers over 65 years of age and eligible for social security benefits. Efficiency of workers also was a consideration in the elimination program.

"This is the first layoff in San Mateo county under the government's WPA reduction program," Jenkins said.

"I am sorry that it is necessary to eliminate men and women from the WPA rolls because they have been doing highly satisfactory work in this county. Most of these men and women are efficient workers."

Jenkins said the cut also would apply to the administration staff.

BAKERY FIRE

Fire broke out Monday evening in the Relish Bakery, Mission street at Los Olivos avenue.

Companies No. 1, 2, 3, and 4, under the direction of Chief Andrew Chesney, confined the blaze to its source of origin, the ceiling and roof of the bake shop.

LOCAL CHAMBER OF COMMERCE SPONSORED DEDICATION FETE FOR NEW POST OFFICE SUNDAY

STATE ASKS SETBACK ALONG BAYSHORE

Cities along Bayshore highway in San Mateo county were asked this week to establish a new 30-foot setback line on each side of the highway, to take care of possible future widening of the road.

Colonel J. H. Skeggs, division engineer for the State Highway department, wrote the respective councils asking that the setback be established. The right of way for Bayshore highway now is 125 feet, with the paved roadway 40 feet. The right of way would be increased to 185 feet if the setback is established and the state takes over the land.

ELECT HARRY BUTLER TO HEAD PUBLISHERS

San Mateo County Publishers association elected Harry Butler, San Mateo Times, president of the organization at the monthly meeting held Monday evening. Other officers chosen include Logan Franklin, South San Francisco Enterprise, vice president and George A. McQueen, Burlingame Advance, secretary-treasurer.

The group, which met at San Mateo, heard talks by John Long, general manager of the California Newspaper Publishers association; Roy Brown, president of the same organization and Edwin Wilder, secretary of the Redwood Empire association.

SET CCC ENROLLMENT PERIOD FOR JAN. 1-20

Word has just been received from the office of the state supervisor of selection that the regular CCC enrollment period for January will be opened from January 1-20, 1939.

Constant improvement of camp activities and the enlargement of the job-training program which is equipping young men for remunerative employment upon their return from CCC has stimulated interest in this program to the extent that there are now and have been for the past year, many more applicants seeking enrollment than there are places available.

It is suggested that any youths unemployed and in need of employment, American citizens between the ages of 17 and 23 inclusive, of good moral character and interested in this program, contact the local county selecting agent promptly, as in nearly all counties in California there are far more applicants than places available.

The county selecting agent in San Mateo county is Miss June Mahon, whose address is 430 Peninsula avenue, San Mateo.

Open Traffic School at UC

Police officers from eleven western states will attend the first Pacific Coast Traffic Officers Training school, to be held on the Berkeley campus of the University of California, January 9 to 21. The training school, for police officers in active service, is being conducted by the University of California Extension division with the co-operation of the International Association of Chiefs of Police, safety division. It is the first of its kind to be given west of the Mississippi river.

According to the announcement sent to western police departments by the extension division and the International Association of Chiefs, "the purpose of the school is to fulfill the need for well-trained traffic officers through a brief but intensive course of instruction in modern methods of traffic control. Graduates of the school return to their departments well fitted to plan and to execute a sound traffic control program and to train other officers in proper procedures."

A. R. Forster, director of short courses, Northwestern University Traffic institute, will be director of the school here. Lieutenant F. M. Kreml, director of the safety division of the International Association of Chiefs of Police and director of the Northwestern University Traffic institute, and Harold F. Hammond, traffic engineer of the National Conservation bureau, will be among the instructors.

Lectures will be offered the public in the Hall of Science every day of the 288 days of the 1939 Golden Gate International Exposition on Treasure Island.

Daly City Band And Boy And Girl Scouts Participate In Ceremonies

P. O. OFFICIALS ATTEND

Amid the fanfare of band music, flag raising ceremonies and patriotic speeches, Daly City residents joyously dedicated their new post office building Sunday. The program was arranged and sponsored by the local Chamber of Commerce. Daly City band, Boy and Girl Scouts and hundreds of residents turned out for the occasion.

A. J. Gaggero, master of ceremonies, introduced Mayor Paul G. Selmi who welcomed guests and residents. Louis Nava and Councilman Henry Sundermann delivered short addresses.

Jack Lane, representing the United States postal department, and Al Raymond, superintendent of the local office, congratulated citizens upon the growth and development of this community.

Assistant Postmaster William S. Burke extended personal greetings from Postmaster William McCarthy and briefly reviewed the postal service here during the growth of Daly City from open country with a few farm houses to the residential and business district of 12,000 population that it now is.

With the band playing "Star Spangled Banner," Scouts officiated in a flag raising ceremony and led the pledge of allegiance.

An inspection tour of the new building followed the dedication program. Service was transferred from the old post office to the new premises Monday.

Tanforan's Classic Tomorrow

Tanforan's fall classic, the $10,000 San Francisco handicap, brings nation-wide attention to the local race track tomorrow (December 17).

First, it provides the brightest attraction on the coast fall calendar. Second, it serves to bring together three of the most dangerous contenders for the Hundred Thousand at Santa Anita, thereby serving as a line upon which to establish winter book price. Third, it draws together Ligaroti, acknowledged king of coast performers and Main Man, champ of the mid-western circuit, a meeting that has been delayed by circumstances. Fourth, in the saddle on the principal contenders will be the feudists—Georgie Woolf and Noel Richardson, meeting for the first time since their "hammer and tongs" battle on Seabiscuit and Ligaroti, in the Del Mar Special.

Woolf is booked to ride Main Man; Richardson gets the assignment on Ligaroti.

Introduction of Specify, swift marching front runner, lends added zest to the encounter. Certain experts have claimed up to a mile and a sixteenth Specify has no equal on the American turf. Numerous turfmen will argue that Specify can master even the marvelous Seabiscuit at this distance.

The San Francisco mile and sixteenth should find Specify at his very best. Fresh after a lengthy rest spent in California's sunshine, Specify, by rigorous training lately at Santa Anita has been brought to the acme of perfection. Bert Baroni is bold enough to think his able colt will master Ligaroti and Main Man and with such a thought in mind he has engaged the apt money rider Charlie Corbett to conduct Specify on his march.

Main Man, Ligaroti and Specify would furnish lustre to any stake in America. By colliding in the San Francisco these three make it a most momentous event on the California racing program.

GRACE CHURCH TO GIVE CHRISTMAS PROGRAM

Starting time will be 8 p. m.

CHRYSLER-PLYMOUTH DEALER TELLS OF INCREASED DEMAND FOR NEW 1939 AUTOMOBILES

Chrysler Orders Are Double This Season

Following automobile shows throughout the country, public acceptance of the 1939 Chrysler has necessitated an upward revision of the production estimates for the fourth quarter of this year, to meet increased demand, according to A. L. Timossi, Chrysler-Plymouth dealer here.

Total orders received from buyers in Northern California, revealed Timossi, at his Mission Auto company office, are more than double those of the same period last year.

"Our factories have been compelled to change production estimates twice in the last 30 days," declared Timossi, "to keep pace with the steadily growing demand for the 1939 models. The enthusiasm of motorists at recent automobile shows throughout the country has far surpassed our expectations.

"One of the new features that has attracted wide attention is the new Chrysler 'Cruise and Climb' transmission," continued the local dealer. "This transmission is similar in principal with the overdrive as introduced by Chrysler in 1934, except that it is useable at city traffic speeds, as well as highway speeds. The overdrive now cuts in automatically at speeds of from 23 to 28 miles, and reduces engine revolutions one-third, thus effecting substantial savings on gasoline, oil and motor wear. When the driver desires fast acceleration, he merely depresses the accelerator to the floor board, which returns the car to conventional third gear. This automatic operation widely increases use of the transmission for both town and country travel."

Timossi stressed the fact that the automobile industry, as a whole, anticipates a sharp upturn in volume during the next few months. This, he pointed out, is the effect of generally improved business conditions throughout the country.

DETOUR ELIMINATED

Detour between the Skyline boulevard and La Honda has been eliminated and traffic is again using the main road, which is in good condition, reports the San Jose Office of the National Automobile club. Hard-surfaced road is continuous via the Skyline boulevard, State Route No. 5, to the junction of the La Honda road, thence to La Honda proper.

A Good Driver

A GOOD DRIVER uses his brakes as little as possible, the National Safety council says.

He begins to slow down well in advance of the place he wants to stop, allowing the engine to slow the vehicle down to a speed where slight pressure on the brakes will bring it to a gentle, full stop. He knows this will save fuel, tires, brakes and wear and tear on the entire car.

A GOOD DRIVER drives slowly on slippery roadways.

He approaches curves, hills, bridges, railroad tracks, danger and caution signs with reduced speed and extra care.

He shifts in the second or low speed before descending steep or slippery grades.

He keeps out of ruts in mud and is wary of soft shoulders. If he gets off the pavement he slows down and turns back with great care to avoid a skid or a lurch into another traffic lane. He knows that spinning the rear wheels only digs deeper into mud or snow. Instead he rocks the car forward and back a few inches repeatedly until he can pull or back out.

New Road to Skirt Giannone Hill

Another construction project on the scenic Ocean Shore highway is now under way, reports the touring department of the National Automobile club. The present project on this highway from Santa Cruz to San Francisco, will cover 8.1 miles from Davenport to Waddell creek bridge, near the Hoover ranch. Skirting precipitous Giannone hill, present bugaboo to coast motorists, it will cut off about 2.5 miles from the old route by following the Ocean Shore highway line just above the ocean cliffs. Cost of the construction has been fixed at approximately $233,000. It has been estimated that time of construction will be one year. Operations are under way clearing the approach in Davenport and grading a section just south of Scotts creek and the General Petroleum plant.

The new route will parallel the old road more or less, though closer to the ocean for about 1.5 miles south of Davenport and will then cut through fields and along the cliffs to Waddell bluffs.

A number of heavy cuts and long fills are anticipated in the construction, which will provide two double-span culverts along the 8 mile route, 192 feet and 140 feet respectively. Also one reinforced concrete bridge of 162 feet, spanning the outlet of Scotts creek along the beach, will be built. Complete, the road will have a 22 foot wide, road mix, or black top surface, in conformation with secondary state highway practice.

Chief virtue of the new route will be its connection with the famous Redwood highway, providing a direct route to Santa Cruz, Monterey and Santa Barbara, largely along the beautiful seashore country.

Colma News
by Eleanor Price

Ladies Home club of Colma held their last meeting for this year on Tuesday afternoon of this week. After the meeting a very delightful Christmas party was enjoyed by the members. The center of attraction was a large and beautiful Christmas tree decorated for the occasion by Mrs. J. Tweston, the club's president. Exchanging gifts with one another lent to the party a real Christmas spirit, after which refreshments were served.

Mr. A. Scramalgia of Station avenue, Colma, is very ill, and has been in the St. Mary's hospital for treatment since last Thursday.

Mrs. Frank Sutter of Colma was the lucky winner of a five dollar cash prize this week. The prize was given in a number drawing contest sponsored by a San Francisco newspaper.

"Shine for thirty-nine" seems to be the spirit prevailing in the home of Mr. Louis Maffei of Market street, Colma. Plasterers and paperhangers are doing a fine job of renovating the interior of Mr. Maffei's home.

Phyllis Lane of Lawndale celebrated her eighth birthday with a party on Saturday, December 10. The afternoon was spent in playing games after which refreshments were served to her guests. Those present were: Lois Demattai, Carlyn Fuchs, Joan Garibaldi, Susan Dubeman, Betty Jean Grafton, Betty Lemmens, Darlene Bortis, Joan and Richard Hopman, Ernestine and Sarita Ferrari, Robert Donahue, David Bradly, Eugene Lagomarsino and Dolores and Loretta Lagomarsino.

Mr. Elmer Vaccari of Lawndale believes it folly to leave the ignition keys in your car when you leave it unattended. Just such an act recently caused him some inconvenience as well as loss. Last Sunday evening Mr. Vacarri stopped at a restaurant in Colma for a sandwich. When he came out he found his car had been stolen. Several days later he was notified by the San Francisco police that his car was found—minus a couple of wheels and tires.

The baby son of Mr. and Mrs. Tom Bocci of Colma is reported very ill with pneumonia.

Mr. and Mrs. P. H. Griffin of Dunk street, Colma, are the proud parents of a new baby boy, born Saturday morning at 5:50 a. m. in the Junipero Serra hospital. Both mother and son are doing very nicely. The new baby is the sixth child of the Griffin's. Mr. Griffin is a member of the U. S. Coast Guard service.

Too rapid opening of the throttle when starting or increasing speed has a tendency to feed the motor more fuel than it can efficiently use, according to the emergency road service of the California State Automobile association. This waste of fuel can be avoided by feeding only the amount necessary for the required speed.

Will Inspect Cars From Out of State

Owners of automobiles registered in other states for 1938 who plan to license their machines in California for 1939 today were urged by Registrar Howard E. Deems to submit their cars for official inspection at any department registration office.

Deems pointed out that every machine previously registered in another state must be submitted for official verification on engine and serial number against the registration papers held by the owner. Deems stressed that this check is in no sense a mechanical inspection of equipment.

Deems stressed that approximately 40,000 cars previously registered in other states will be subject to California registration for 1939.

NEW AUTO LICENSE PLATES

Here's what the well dressed car will wear in '39. The new license plates are canary yellow numerals on a light blue background, instead of the usual orange and black color scheme used for the past few years. Miss Bobby Turner illustrates how they'll look on a new Chrysler from the showrooms of the Mission Auto Company, 6465 Mission street, Chrysler-Plymouth dealer here.

Only the lubricant recommended by the car manufacturer should be used for the transmission and rear end, according to the emergency road service of the California State Automobile association. Grease not specially adapted to those parts may cause expensive damage.

Making of synthetic rubber will be demonstrated at the 1939 California World's Fair.

M J SOLDAVINI RECOMMENDS EARLY PLACING OF AUTO ORDERS FOR CHRISTMAS

Cites Record Yule Business This Season

There is no more welcome gift for the individual or for the whole family than a brand new automobile delivered on Christmas morning. In Daly City, South San Francisco and Colma particularly there are many people who purchase motor cars for Christmas and car dealers usually do an excellent volume of business every year during December, it is reported.

M. J. Soldavini of Belli Motor company, Buick dealer, urges buyers who contemplate the purchase of new Buicks this season to place their orders now to avoid the possibility of disappointment in getting delivery in time for Christmas.

"The number of orders taken the past several weeks and set up for Christmas delivery indicates, again this year, an active buying spirit in keeping with the trends over the past holiday seasons, making it advisable for those who will want new Buicks delivered on December 25 or even on New Year's day to order at once. The record Christmas business we are doing makes this necessary in order to insure getting the model and specifications the customer wants," Soldavini states.

"Even though Buick production has been increased to more closely parallel retail demand, it is still necessary to place orders far enough in advance to enable us to requisition the model, color combination and any special equipment wanted in ample time to fill the requirements completely," he said.

CARBURETOR CARE

Carburetors of present day cars seldom need adjustment, but when they do a competent mechanic should be consulted, according to the emergency road service of the California State Automobile association. Trouble blamed on the carburetor may be due to some other cause, such as ignition.

Forcing the car too closely to a curb when parking may cause misalignment of wheels, according to the emergency road service of the California State Automobile association.

CHRISTMAS CANDIES

When homemade candies are recommended as ideal Christmas offerings, we mean candies that are "different," that have a truly professional air about them, and that are attractively done up in all the holiday trimmings. To make them, you will do well to provide yourself with a good candy thermometer. It is not costly, will last indefinitely, and is the only way of assuring absolute accuracy. When making candies on rainy days, cook them until the thermometer shows two degrees higher than that called for in the recipes.

Now, when it comes to being "different," here are two recipes that quite meet this requirement:

PEANUT BUTTER FUDGE

2 cups sugar
2 tablespoons light corn syrup
¼ teaspoon salt
¾ cup milk
1 square unsweetened chocolate, cut in pieces
1 teaspoon butter
3 tablespoons peanut butter
1 teaspoon vanilla

Combine sugar, corn syrup, salt, and milk. Place over medium flame and stir constantly until sugar is dissolved and mixture boils. Cover tightly and cook 2 minutes. Uncover and continue cooking, without stirring, until the thermometer reads 232° F., or until a small amount forms a soft ball in cold water. Remove from fire. Place chocolate and butter in a second pan; over these carefully pour one-half of the hot mixture. Cool both mixtures to lukewarm (110° F.). To plair mixture, add peanut butter and ½ teaspoon vanilla. Beat until creamy and mixture loses its gloss. Pour at once into buttered pan, 8 x 5 inches. Add ½ teaspoon vanilla to chocolate mixture. Beat until creamy and mixture loses its gloss. Spread over first layer. When cold, cut in 1-inch squares. Makes approximately 40 pieces.

And here's another equally yummy candy and suitable for putting on the Christmas tree!

MOLASSES CARAMELS

½ cup black walnuts or butternuts
1 cup sugar
½ cup molasses
½ cup light corn syrup
¼ teaspoon salt
1 cup light cream
1 tablespoon butter

Spread nuts over bottom of heavily buttered pan, 10 x 6 inches. Combine sugar, molasses, corn syrup, salt, and 1/3 cup cream. Place over medium flame and stir constantly until sugar is dissolved and mixture boils. Cover tightly and cook 2 minutes. Remove cover and continue cooking, stirring constantly, to 236° F. Add 1/3 cup cream and cook to 240° F., stirring constantly. Add butter and remaining 1/3 cup cream and cook to 244° F., stirring constantly. Remove from fire and pour over nuts. Do not scrape pan. Let stand overnight. Turn out on cold slab. Cut into ¾-inch squares, using the full length of a long, sharp knife. Wrap each caramel in cellophane or wax paper. Store in covered container. Makes approximately 120 pieces.

Delicious candies may be made from old Mother Nature's own sweetener, pure comb honey. Only now the modern homemaker gets it already strained in convenient glass jars instead of in clumsy wooden frames. You do not have to be Scottish to enjoy Honeyscotch.

HONEYSCOTCH

2½ cups sugar
1 cup honey
½ teaspoon salt
¼ cup water
½ cup light cream
¼ cup butter
½ cup black walnuts or butternuts

Combine sugar, honey, salt, and water. Place over moderate flame and stir constantly till sugar is dissolved and mixture boils. Cover tightly and cook 2 minutes. Uncover and continue cooking without stirring to 240° F. Add cream and cook, stirring constantly to 250° F. Add butter and cook, stirring constantly, to 258° F. Remove from fire. Distribute nuts over bottom of heavily buttered pan, 9 x 9 inches. Pour hot mixture over nuts. Do not scrape pan. Cool several hours without disturbing. Turn out on cold slab and cut into ¾-inch squares with the full length of a long sharp knife. Wrap each piece in cellophane or waxed paper. Store in a covered container. Makes 144 squares.

Leo Dalty To Speak On Loyalist Spain

Leo Dalty, here on a nation-wide tour as the official emissary of the loyalist Spanish republic, will be the principal speaker at a mass meeting, sponsored by the United Spanish societies, Monday evening, December 19, at the Native Son's auditorium, 430 Mason street.

The stated purpose of the meeting is to inform the American people of the present loyalist situation in Spain, particularly how the foreign Fascist forces are striving to starve Spain into submission through the instrumentality of blockades and "neutrality" laws which aid the Fascist aggressors.

Dalty's topic will be "No Munich For Spain" and he will tell how the overwhelming mass of the Spanish people are determined to resist to the bitter end any "sell out" or partitioning of their country in order to appease the invading Fascist powers.

In addition to Dalty's talk the program will include two war films from Spain, one entitled "War Actualities" and the other consisting of a talk by Dr. Negrin, premier of the Spanish republic.

Other prominent speakers will address the meeting, all urging the lifting of the embargo on Spain to the end that the Spanish people may be permitted to defend themselves from the invasions of the Fascist powers.

Glorious Modern Romance Boldly Filmed in "Youth Takes a Fling"

Comedy Is Surprise Element of Season's Best Love Picture

Hailed as the "surprise" picture of the year, and starring Andrea Leeds and Joel McCrea in a story which reveals the poignant heartaches which conflicting ambitions may bring to reckless young love, Universal's new dramatic hit, "Youth Takes a Fling," starts its local run next Wednesday, December 21 at the Daly City theatre.

Dramatic in theme, yet highlighted by moments of wistful romance and gay comedy, the picture is considered a distinct triumph for Director Archie Mayo. Before a throng of critics at its Hollywood preview, the Joe Pasternak production won recognition for introducing an entirely new technique in screen story-telling.

As the young Kansas farm boy who has dreamed for years of going to sea, and comes to New York seeking work on a boat, Joel McCrea has his most impressive role since "Wells Fargo." Miss Leeds, in her portrayal of the romantic girl who sells wedding gowns and lives only for the day she herself will be a bride, is called on for the most versatile performance of her career.

Top comedy roles are carried by Frank Jenks, remembered for his fine work as the singing taxi driver in "100 Men and a Girl," and Dorothea Kent, Andrea's room-mate in the story, who advises her on how to capture a man's attention.

Famous Comedian Stars at Capitol

Jack Russell, well known in San Francisco as the head of the Jack Russell Musical Comedy company which for years regaled the old Wigwam theatre audiences, is coming back to San Francisco as the star of the Capitol Follies burlesque troupe. Russell opens today (Friday) at the Capitol Follies, his first appearance on a San Francisco stage in ten years. In the interim he is reported to have been a sensation throughout the East, and he brings to San Francisco an entirely new line of comedy "gags" and characterizations.

In the burlesque troupe are a host of beautiful chorus girls, singers and dancers, as well as top-notch comics and "straight men." Held over by popular demand are the breath-taking "tease" acts of Miss Peggy Hill, "Queen of Teasers" and Miss Crystal Aymes, gorgeous redhead.

The Capitol Follies, Ellis near Market streets in San Francisco, presents three complete performances daily, with an extra special midnight show every Saturday night.
